Association for Geoconservation, Hong Kong

西貢崇真天主教學校(中學部) 中國香港世界地質公園講座  
Sai Kung Sung Tsun Catholic School Talk on Hong Kong Global Geopark of China

活動名稱 Event Name	中國香港世界地質公園講座 Talk on Hong Kong Global Geopark of China		
日期 Date	27 / 02 / 2012		
講者 Speaker	Cindy Choi	工作人員/報導員 Staff/ reporter	Joyi Au Beatrice Woo
地點 Location	西貢崇真天主教學校(中學部) Sai Kung Sung Tsun Catholic School		
參加對象 Participant	中學生(中四、五) Secondary school students (F.4、5)	參加人數 No. of Participant	≈120
目的 Aim	推廣中國香港世界地質公園及地質保育 Promote Hong Kong Global Geopark of China and geoconservation		
活動內容 Event Content	45 分鐘講座包括: 1. 用遊戲, 猜地質公園 2 大園區 8 大景區的照片提起學生的興趣. 2. 介紹中國香港世界地質公園 3. 用中電在地質公園附近興建風力發電場, 來探討保育的意識 45 minutes talk includes: 1. Ice breaking through quiz with souvenirs on the “2 regions and 8 geo-areas” of Hong Kong Geopark 2. Introduction of Hong Kong Global Geopark of China 3. Discuss the situation on CLP development of wind farm as to bring out the issues of Geopark conservation		
整體反應 Overall Feedback	學生們在整個活動中都表演良好和十分積極參與。  雖然他們不太認識地球科學的知識及中國香港世界地質公園, 但也勇於舉手作答。  學生們都感到很興奮因為介紹的地區, 西貢火山岩園區正是他們的家, 也是他們生活的地方。		

一些學生不是學習地理或科學的，但都對這個題目感到十分有興趣。而大多數的同學，當他們聽到關極端的情況和有趣的話題時都踴躍討論。

當介紹完中電風力發電場後，學生們都十分關注有關風力發電的問題。

Students overall feedback were positive. Though they may lack the knowledge on earth sciences and Hong Kong Global Geopark of China, they actively participated by answering questions.

Students were excited because they were familiar with the Sai Kung Volcanic Rock Region where they belong to.

Some students who did not study geography or science also found the topic interesting. Many students actively participated in the discussion when they heard about extreme cases and interesting topics.

After discussion about CLP wind farm, students were very concern about the problem of wind farm.
